## TO RECEIVE GEOLOGICAL SURVEY PUBLICATIONS

As a result of a letter addressed to United States Senator George Sutherland early in April, Prof. McKendrick, principal of the Weber academy, received information on the 18th that this school hereafter will receive the publications of the geological survey. Mr. Sutherland says, in part: "I am glad to be able to say to you that I have placed the Weber academy on my list to receive the publications of the United States geological survey. These include monographs, bulletins and folios, and vary from 50 to 75 each year. I think they will prove of particular value, especially in an institution that is teaching geography, geology, mineralogy and kindred subjects."

## REV. DR. ELWOOD BREAKS DOWN FROM OVERWORK

Boston, April 21.—The Rev. Dr. Elwood, of Worcester Emmanuel church and leader of the healing movement which bears the name of that church, has broken down from overwork. The message that comes from the sick room is that he is applying the methods which he has been advocating from the pulpit to heal himself. "The doctor," it is said, ran too hard against that "barrier of weariness" beyond which Prof. James, of Harvard, says is "the second wind" of energy and mental and physical activity, if the worn out person can only get there. Dr. Elwood did not get over the "barrier," and now his physicians tell him that he must quit all work for at least six months. His vestry has given him leave of absence for that length of time, and as soon as he is able to travel he will go to some secluded place. He may accept the invitation of some friends who are going to the Arctic circle, or he may take a wagon journey through Northern Canada.

## YOUNG GIRL DISAPPEARS AND MAY BE KIDNAPED

Chicago, April 21.—Anna May Sheridan, 15 years old, a pupil in the Roman Catholic Assumption school, has disappeared and her parents fear that she has been kidnaped. She was injured several years ago in an accident and received \$17,000 damages and her father believes that some one, who knows she has the money, is holding her in the hope of obtaining part of it.

## FORMER UNITED STATES SENATOR TURPIE DIES

Indianapolis, April 21.—Former United States Senator David Turpie died today, at his home in this city. Mr. Turpie defeated his Republican opponent, Benjamin Harrison, for the senatorship in 1887. He was re-elected in 1893. Mr. Turpie was born in Hamilton county, Ohio, in 1829.

## TURN OVER TIME.

When Nature Hints About the Food.

When there's no relish to any food and all that one eats doesn't seem to do any good, it is the time to make a turn over in the diet, for that's Nature's way of dropping a hint that the food isn't the kind required.

"For a number of years I followed railroad work, much of it being office work of a trying nature.

"Meal times were our busiest part of the day. Eating too much and too quickly of food such as is commonly served in hotels and restaurants, together with the sedentary habits were not long in giving me dyspepsia and stomach trouble which reduced my weight from 205 to 160 pounds.

"There was little relish in any food and none of it seemed to do me any good. It seemed the more I ate the thinner I got and was always hungry before another meal, no matter how much I had eaten.

"Then I commenced a fair trial of Grape-Nuts and was surprised how a small saucer of it would carry me along, strong and with satisfied appetite, until the next meal, with no sensations of hunger, weakness or distress as before.

"I have been following this diet now for several months and my improvement has been so great all the others in my family have taken up the use of Grape-Nuts, with complete satisfaction and much improvement in health and brain power.

"American people undoubtedly eat hurriedly, have lots of worry, thus hindering digestion and therefore need a food that is predigested and concentrated for nourishment."

"There's a Reason."

Look in pkgs. for the famous little book, "The Road to Wellville." Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

## MERCHANTS LARGE PARTY NOT TO BE LEAVE FOR FLEECE PARK CITY

G. A. R. Follows Plan of Four-State Fair—No Advertisements to Be Solicited on Account of Either Event.

Two months ago the directors of the Four-State Fair passed a resolution that the merchants of Ogden should not be solicited for advertisements during the year 1909 for any so-called "official" or unofficial program, score books, race cards, circulars, etc., and that the Four-State Fair association use its best efforts to stop all parties from using the name of the race track or fair grounds for the purpose of soliciting advertisements. Now comes the G. A. R. executive committee of the annual encampment to be held in Salt Lake City, and adopts the same plan, as follows:

"A resolution forbidding the soliciting of advertising from any business men of the city on any authority of the local executive committee of the G. A. R. was passed at a meeting of the committee Monday afternoon. It is proposed to eliminate, as far as possible, any opportunity on the part of advertising men or concerns to take advantage of the holding of the forty-third annual encampment of the G. A. R. here in order to obtain business."

The foregoing should be notice to all the business men that there will be no advertising scheme for either the Four-State Fair or the G. A. R. for the year 1909.

MONTEREY RECORD 2:09 1/4.

Is the fastest trotting stallion in the west, and the only one to produce a colt with a race record better than 2:09. He will be in the stud at the Ogden Fair grounds after April 1, 1909.

## NEGRESS IS EVIDENTLY INSANE

SUBDUED BY OFFICER AFTER A BATTLE ROYAL.

Hurls Furniture Out of Window of Her Room in Palace Rooming House.

Grace Jackson, the "cullud lady," who attracted considerable attention not long ago by reciting in police court her troubles with her erring husband, a fight in which she bounced a water picher upon the latter's head, and in sundry ways exhibited her displeasure at finding him in company with another charmer, is again in the toils for creating a "rough house" at an early hour this morning, on lower Twenty-fifth street.

About a week ago, Grace was taken with what afterward proved to have been an apoplectic fit, in which it required several sturdy officers to subdue and convey her to the county jail, where she was examined as to her sanity. Since then she had been confined at the city jail until her release Wednesday night.

Early this morning, she appeared at the Palace rooming house and asked the landlady for the temporary use of a room, saying that she was intending to take the morning train for the west. Her request was granted and she repaired to the room designated.

Soon afterward, she was heard rushing about in her room, muttering to herself and apparently going into another tantrum. The landlady found the door locked and could hear the woman engaged in an animated discussion with the invisible regarding money, in which she invited some one to "come and see the money."

The landlady, then, decided the landlady in calling for the police.

Officer Hadlock arrived on the scene in time to see the greater part of the furniture of the room coming flying out the rear window. First the chairs and stool pail crashed down through the skylight of the establishment below; then came the quilts, pillows, cases, bureau drawers, and so on.

The officer managed to clamber up to a window, and then into the room, where he found the excited woman in the act of hurling out the stove. She at once attacked him, tearing his uniform and giving him a battle royal for several minutes before he succeeded in slipping handcuffs over her wrists. Even then she fought with desperation and endeavored to bite her captor. She is now locked in a cell at the police station, charged with disturbing the peace, while the proprietors of the hotel are repairing the damage.

The police are convinced that the woman is insane, an opinion which is increased by her actions in regard to the mirror in the room. Instead of smashing the latter, the woman carefully turned the piece of furniture to the wall, and securing the wire from the stove pipe, proceeded to bind the mirror tightly in place, reinforcing the window rods, which she twisted tightly around the uprights of the mirror. Insane people frequently pursue these tactics with mirrors.

## ROBBERS ENTER BANK AND ESCAPE WITH \$1,500

Suffolk, Va., April 21.—Tunneling their way under four other buildings to reach the vaults, robbers gained admission to the Bank of Suffolk and escaped with \$1,500.

It is thought the robbers must have worked at least ten days before they reached the bank by their underground course.

Inside the tunnel were found empty bottles, cigar stumps and bits of food. Apparently they lived in the tunnel until the work was completed.

## GUESTS OF SUPT. WHITNEY ARE EQUIPPED FOR GOOD TIME.

Will Make Brief Stops at Morgan, Devil's Slide and Echo and Then Move on to Mining Camps.

A special train of four cars, including a diner, day coach and a private car, rolled out from the Union depot for Park City this morning, having on board Superintendent W. A. Whitney of the Utah division of the Union Pacific and about forty of the latter's guests. The party was composed of Mayor Brewer, all members of the Ogden city council, the heads of various departments of the city government, the board of commissioners of Weber county and a number of Mr. Whitney's personal friends, including Dr. Joyce, Parley L. Williams, W. H. Chevers, P. H. Cook, Fred Gentsch, Resident Engineer A. Q. Campbell, Editor Frank Francis of the Standard, President Heywood of the Commercial National bank and several newspaper men and prominent citizens of Ogden.

The trip to Park City includes stops at Morgan, Devil's Slide and Echo and when the famous mining camp is reached the visitors will be taken through the underground workings of the more prominent mines and then given a ride to the city and all its contents.

The dining car is elaborately supplied with everything necessary for the entertainment of the excursionists and a royal good time is scheduled for everyone on board the special, including the trainmen in charge.

The party will return to Ogden this evening, or rather tonight, sometime as the distance to Park City is 65 miles, and stops at Morgan, Devil's Slide and Echo will absorb considerable time, outside of that required to climb high up in the Wasatch range.

Superintendent Whitney has surrounded himself with a number of able-bodied assistants, who will devote their best efforts to aid in entertaining his guests, and as a result a most enjoyable time is anticipated by everyone on the special.

## BETTER LATE CAR SERVICE.

Last car now leaves Sanitarium for the city at 10 p. m.

## PITIALE PLIGHT

"DOPE FIE!"

THE CITY.

It is the scene of as horrible an object lesson in the great crusade against the drug habit as is often seen anywhere. Since last week, two confirmed "dope heads" have been serving sentences for petty larceny, one being Harry Bard, who stole shoes from the Reese Howell store; and the other, Fred Engles, who recently stole a flat-iron for means to purchase the desired supply of drug.

Bard is by far in the worst condition and his entreaties for a shot of morphine are pitiful to hear. This morning he was awakened by Sergeant Critchlow, and ordered to take his place in the patrol wagon with others of the chain gang, but he refused, claiming that he was unable to move from want of his favorite drug.

Threats were of no avail, and finally the officer took a small amount of the white powder in his hand and showed it to the prisoner. The unfortunate "fiend" arose with alacrity and followed the outstretched hand with its "precious" contents like a starved dog following a bone. After getting the man into the wagon, a small quantity of the drug was given to him, which, upon his arrival at the cemetery for the day's work, he made haste to dissolve and inject into his arm as his custom.

## TWO INCHES OF SNOW FALLS IN DENVER

Denver, April 21.—Nearly two inches of snow fell in Denver last night, and more is predicted for tonight and tomorrow. This is the eighth day in April, on which snow has fallen. Snow is also reported south and west of the city, and fruit growers in the Grand valley are building smudges to protect the fruit trees from damage by frost.

## SNOW IN NEBRASKA AND SOUTH DAKOTA

Norfolk, Neb., April 21.—From two to three inches of snow fell last night over the area west from Atkinson, Nebraska, to Deadwood, S. D., and north from Spencer, Neb., into the Rosebud reservation country. The snow melted as it fell. The temperature was 33 above zero early today.

## SURE CATARRH CURE

Bring the Forests of Pure Pine and Eucalyptus to Your Home.

Germes cannot live when Hyomel (pronounced High-o-mel) is used. You just breathe in this soothing yet most powerful antiseptic air and relief is immediate. It is exactly the same air as you would breathe in the forests of pine and eucalyptus of Australia where catarrh or consumption was never known to exist.

If you have catarrh and are constantly embarrassed because you must hawk, spit and snuffle, surely you will give Hyomel the attention it deserves. When S. W. Badcock will guarantee this pleasant remedy to cure all this distress and humiliation, or will return your money.

Hyomel kills catarrh germs, it relieves the soreness and distress in five minutes. It stops hawking and snuffling and makes you feel like a new man in a week. It is the surest and most satisfactory catarrh treatment known and gives comfort and relief to consumptives.

A complete outfit, including inhaler, costs but \$1.00, and extra bottles, if afterward needed, cost but 50c. A few minutes' time each day is all you need to quickly cure the most chronic case. Hyomel is sold by leading druggists.

## PREPARING FOR RACE MEET

INDEPENDENT COMPANY WILL CONDUCT THE RACES.

New Stables Being Erected—Over 200 Horses in Running Contest—Murray Sure of Success.

There seems to be some confusion concerning the coming races to be given at the Ogden Fair grounds for fifteen days, beginning May 5th. Many people have the impression that the Fair association is giving the races. This is an error. The Fair association has rented the race track to Mr. W. M. Murray for fifteen days, and he has formed the Ogden Racing association, and will give the races under that name. The Fair association and its officers have absolutely nothing to do or say about or concerning the races. The races will be given under the new management, which assumes all the responsibility and liability.

Mr. W. M. Murray carries with him the very best credentials for a horseman to secure. Mr. Murray has been manager of the El Paso, Texas, race meetings, manager of last year's races on the Utah State Fair association grounds, Salt Lake City, also manager in Butte, Chicago, California and other places, and all of the Fair and Race associations give Mr. Murray the very best letters, commending his honesty and his competency in regard to handling horses and race meetings.

Mr. Murray promises to have between 200 and 300 horses in Ogden by May 5th. One car load has arrived, and horses will arrive now almost every day until the opening of the races. Mr. Murray is now erecting 100 new box stalls on the grounds and expects to build private boxes for the grandstand before the meeting begins.

Good hay is in demand. Mr. Murray said today, that it looked as if he would have to ship a trainload of hay from California, as race horses want the very best hay in the market, and all the Ogden dealers seem to be short of hay. There is no doubt that Mr. Murray will give the greatest running races Utah people have ever seen.

Itch! Itch! Itch!—Scratch! Scratch! Scratch! The more you scratch the worse the itch. Try Doan's Ointment. It cures piles, eczema, any skin itching. All druggists sell it.
